YOMILINE BRIEF

Yomiline is an Egyptian beauty brand founded in 2023, specializing in cosmetics and skincare products.

The brand was established by a pharmacist with a vision to provide safe and effective alternatives to chemical-based products — by creating natural, long-lasting formulas that promote healthy skin and beauty.

Yomiline stands out for its high-quality standards, affordable pricing tailored for Class B and B+ audiences, and a strong reputation built organically through word of mouth since its early stages.

Currently, the brand focuses on increasing awareness and engagement through Instagram and Facebook, where most sales take place.

BUSINESS MODEL CANVAS

Key Partnership

- One Retail Store in Shebin El-Kom.
- Delivery and logistics partners for shipping across Egypt.
- Packaging and printing vendors for labels & bottles.
- Raw material suppliers (local & imported)
- Marketing & Advertising

Key Activities

- Research and development of skincare and fragrance formulas
- Production, packaging, and labeling of Yomiline products

Key Resources

- In-house pharmacist and product formulation team
- Digital assets: official social pages & brand visuals.

Value Proposition

- Premium-quality skincare and fragrance products handcrafted by professionals.
- Natural ingredients ensuring safety, freshness, and trust.
- Locally made with love, combining authenticity with modern style.
- Focus on emotional experience: every product tells a story ("عشق", "دلال")

Customer Relationship

- Building long-term trust and familiarity through emotional and interactive content
- 60 % Customer Retention Rate
- customers feel part of the Yomiline family

Channels

- Main presence via social media platforms (Facebook & Instagram)
- One retailer in Shebin El-Kom

Customer Segments

- Females aged 18-40 especially Class B & B+
- Consumers who value a balance between elegance & lifestyle
- Beauty enthusiasts looking for affordable yet premium-quality self-care products
- Repeat buyers and loyal customers who trust Yomiline's consistency
- Social media users who engage with beauty, skincare, and fragrance content

Cost Structure

- Marketing & advertising campaigns and boosted posts.
- Raw materials and fragrance oil costs.
- Packaging, labeling, and design expenses.
- Delivery and logistics costs across Egypt.
- Content creation, photography, and digital marketing.
- Maintenance for physical workspace and tools.

Revenue Streams

- Direct product sales via (Facebook & Instagram).
- Retail sales from partnered stores.
- Occasional promotional bundles and limited offers
- Future expansion: website e-commerce or subscription model

Yomelin Hair Care Set

- Tonic

Boosts scalp circulation, strengthens hair follicles, and helps reduce hair fall while supporting healthy, strong growth.

- Shampoo

Gently cleanses without stripping natural oils. Prepares the hair to absorb nutrients, maintains scalp balance, and reduces dryness and frizz.

- Cream

Delivers deep hydration, enhances smoothness and shine, and helps repair damage caused by heat and coloring. Keeps the hair soft, manageable, and easy to style throughout the day.

Yomiline

See Dr's About Info

Strengths

- Having a website
- excellent product photography
- using good content
- The ability to make strong offers every so often

Weaknesses

- Less reliance on UGC
- There are videos, but not consistently.

COMPETITOR ANALYSIS

Strengths

- Having a website
- actual place
- excellent product photography
- using good content

Weaknesses

- The same character appears in all the videos
- Following the same style in the videos, but with fewer videos being published.

SWOT ANALYSIS

- Local products with controlled quality.
- Affordable prices for B and B+ brands.
- No need for a physical store.
- High reliability due to direct local start-up with customers who know the entrepreneur.
- The products need 3 to 4 months of testing.

Strengths

- High shipping costs (60 Egyptian pounds) compared to the product price.
- Primary reliance on social media.
- Low awareness of the brand and proper use of the products.

Weaknesses

- Growing demand for natural and local products.
- The holiday season and the start of school are strong buying seasons.
- The potential to create educational content that raises brand awareness and increases consumer confidence.
- The potential to distribute near universities to reduce shipping costs and increase awareness.
- The potential to launch new products.

Opportunities

- Strong competition from well-known local and international brands.
- Legal licensing requirements.
- Changes in customer preferences or market trends.
- Volatile raw material prices.

Threats

SMART OBJECTIVES

- Increase monthly Sales by **50%** in the first three months (from **5,000** EGP to **7,500** EGP).
- Boost brand awareness on Facebook by **30%** engagement growth in the Third month.
- Increase page followers by **30%** through a mix of organic content and paid campaigns.

STRATEGIC PILLARS

- **Content Marketing:**

- User-generated content (UGC) to build authenticity.
- Mix of educational, emotional, and aspirational posts

- **Paid Media Strategy:**

- Meta Ads (Facebook) with retargeting for existing audiences
- Small-budget awareness ads to sustain visibility

- **Distribution & Partnerships:**

- Strengthen physical presence in Shebin El-Kom.
- Explore collaborations with local beauty shops and micro-influencers

ACTION PLAN

- **Awareness Stage (September):**

- Evaluate and refresh social media visuals and brand tone.
- Publish introductory posts about Yomiline's story and values.
- **Goal:** Build brand identity and increase recognition among Class B & B+ audiences.

- **Engagement Stage (October):**

- Share Before/After results for skincare and hair products to build trust.
- Reinforce the "local natural brand" positioning through storytelling.
- **Goal:** Achieve +30% engagement and establish customer trust.

- **Conversion Stage (November):**

- Launch sales-driven campaigns around Black Friday and limited-time offers.
- Create product bundles (e.g., Hair Kit / Deodorant + Body Splash).
- **Goal:** Increase total sales by 50% during this month.

SEGMENTATION

Demographics:

Gender: 100% Female Age: 18–40 years

Income: Middle to upper-middle class

Occupation: Students, working women, mothers

Geographics:

Primary Market: Menoufia (core & loyal base)

Secondary: Cairo, Alexandria, Delta (online)

Sales Channel: 100% online – Instagram, Facebook, TikTok

Behavioral:

Buy regularly as part of self-care routine

Engage with tutorials, reviews & offers

Trust transparent brands that educate

Psychographics:

Interested in natural beauty & self-confidence

Value safety, authenticity, and simplicity

Prefer affordable, natural care over luxury products

TARGETING

T1

Age: 18-25

Profile: University students & early workers

Needs: Affordable, trendy, easy-to-use products

Message: "Natural care that fits your daily routine"

T3

Age: 30-40

Profile: Mothers

Needs: Reliable, safe, family-friendly products

Message: "Protect your beauty – safe for you & your family"

T2

Age: 25-30

Profile: Young professionals & newly married women

Needs: Effective self-care & beauty confidence

Message: "Glow naturally with safe, trusted care"

POSITIONING

**Yomiline stands for “natural, safe, and affordable personal care”
offering high-quality skin and hair products
under expert supervision.
Positioned as a trusted local brand that combines safety,
simplicity, and real results for women who care about natural
beauty every day.**

Sarah

Age 20 year

Location Cairo - Egypt

Income Limited (monthly allowance)

Occupation University Student

Sarah wants affordable and safe cosmetic products that help her look good and confident in front of her friends.

She spends most of her time on Instagram and TikTok, following influencers and trusting product reviews before making any purchase.

Sarah is afraid of fake or low-quality products that might cause skin irritation or allergies.

Offer small-sized, affordable skincare products and create short educational Reels such as “30-second skincare routine” to gain her trust and attention.

Mariam

Age 28 year

Location Giza- Egypt

Income Moderate (Class B)

Occupation Full-time employee

Mariam wants to maintain her appearance both at work and during outings with friends.

She prefers online shopping because she doesn't have time to visit stores. She looks for natural, easy-to-use products that fit her busy lifestyle.

Mariam needs effective products with fast results, as she has limited time for long skincare routines.

Offer online discounts and bundle deals to encourage purchases, along with before-and-after content that demonstrates visible results.

Heba

Age 35 year

Location New Cairo- Egypt

Income Moderate (Class B)

Occupation Housewife

Heba looks for natural, chemical-free skincare products that are safe for her and her family.

She carefully reads product labels before buying and relies heavily on user-generated content (UGC) and online reviews to make purchase decisions.

Heba doesn't trust unfamiliar brands and avoids products without clear ingredients or customer feedback.

Highlight that Yomiline is a local brand offering high-quality natural products, supported by certifications and authentic customer testimonials to build trust and credibility.

RECOMMENDATIONS

- Using the **UGC** Content for the products and we have achieved it via the ads we've created cause some creators contacted us to shoot some videos as commercials
- **Replacing** the Content Type from being pure **medical** and Technical informational to Content that showcases the Products **Benefits** to the Audience not the Features
- **Diversified** our content strategy by introducing multiple engaging formats such as challenges, polls, and episodic content, increasing interaction with the audience.
- Introduced **bundled box** offers to increase the average order value, helping us meet both delivery cost requirements and ad spend efficiency.
